

Timberdoodle *Monthly* Doodles

Summer is almost here at Timberdoodle!

With the spring season ending this weekend at Timberdoodle, it has indeed been a fun filled line of great events and activities enjoyed by all.

Spring Birds gave both pup and master lots of great times afield. Fishing remains incredible. Last week Lord DeLamarter remarked it was the best day that he had ever had. He surely has been around many waters!

Larry has another "boaring" date!!

Earlier this month, we hosted the Long Gun Shoot, with Member Herman Karl at the helm. A bluebird day out on the course, then into the Clubhouse for an authentic Revolutionary period lamb pie served in our huge cast iron skillet. Happy smiles all 'round the house!

Timberdoodlers headed to Addieville East in Rhode Island for a fantastic presentation of clay targets the next weekend, followed by a tasty luncheon at the clubhouse. Addieville continually hosts such a lovely, well organized morning for us- this will be our thirty-fourth year shooting together (and hiding the scorecards!)

The Covey was alive with activity during the Field Trials on April 23. Dogs from all over New England competed, and, for the most part, the weather held. There was some incredible work done by the pups and the event was quite fun to watch from on top of the Covey hill.

The Timberdoodle Team was honored to assist in organizing a memorial celebration on the seacoast for a long time Timberdoodle Member this past weekend. With almost three hundred folks in attendance, the hall was filled with lovely food presentations and flowers, and not a detail overlooked.

Looking ahead, we're getting excited for the Retriever Trials here on June 17-19, as well as the Spaniel Trials June 24-25. Plan on joining us for these events- bring a picnic, or call the Clubhouse for one of Anne's favorite box lunches.

Happy almost summer to all!
